This review is only for general conformance with the design concept of the project and general compliance with the information given in the Contract Documents. Corrections or comments made on the drawing during this review do not relieve contractor from compliance with the requirements of the plans and specifications. Contractor is responsible for: dimensions to be confirmed and correlated at the jobsite; information that pertains solely to the fabrication process or to the means, techniques, sequences and procedures of construction; co-ordination of the work of the trades; and for performing all work in a safe and satisfactory manner.
