

Viv Wood Chair & Stool

Combining simplicity
with solid wood for
striking comfort.

Viv Wood combines the classic good looks of the Viv Chair with the timeless appeal of wood. The result is a striking and dependable chair that works anywhere.

Available as a standard chair and bar or counter-height stool, Viv Wood feels right at home anywhere: from hotel to café to office to campus. It comes in a wide range of fabrics as standard and with a choice of solid oak or walnut base.

A simple, comfortable staple of the NaughtOne portfolio, the Viv Wood Chair's slender shape is emphasised by its tight and skillful upholstery, making it a stylishly crafted addition to a range of commercial spaces.

Where sustainable sources are quoted and a chain of custody is required by a customer, this must be indicated on the purchase order to NaughtOne. A chain of custody requested after an order has been placed or delivered may be difficult to recover.

Figures stated in this document may vary based on model and options selected. We have based this document on a specific example when produced in the United Kingdom. Recycled content calculations are taken from supplier information and industry averages. Material variables are likely to affect the figures which may result in higher or lower percentages.

This document will be reviewed and updated periodically and is subject to change without notice.

Product Sustainability Statement

The Viv Wood Chair is available in a range of sizes, configurations and finishes, but for the purpose of this document we have a specific example from the range: Viv Wood Chair (made in the UK).

CSR Statement

We care a great deal about the sustainability of our products. At every stage of the process – from design to manufacturing to shipping – we seek to minimise our environmental impact. Our 10-year warranty speaks of our commitment to making quality, durable furniture that does not need to be regularly replaced. We offer FSC® certified upholstered products and use recycled metals in our table ranges. We have manufacturing facilities in North America to reduce freight miles in our largest market and we offer an innovative Take-Back Programme that enables clients to return products to us at their end of life so we can recycle the parts. We are proud of what we have done, but we are ready to go further.
