Product Specific Design Statement

The Symbol seating range has a paired down aesthetic, designed to feel like part of the architecture and provide building blocks for furniture landscapes.

Symbol sofa 2 seat 2 arms with wooden legs

With a firm upright sit and compact dimensions, Symbol is perfect for modern commercial environments where the product must look after itself and space is a premium.

Available with 4 different leg options as standard and naughtone's wide fabric selection, Symbol can be tailored to suit any environment.

Symbol is constructed with a CNC plywood frame and high quality CMHR foams

The wooden legs are made from solid oak and solid walnut with a clear matt lacquered finish.

The steel legs are made from laser cut, folded mild steel with the individual laser cut components being folded allowing for minimal additional welding.

The frame components are finished with a zinc primed polyester powder coat.

CSR Statement

naughtone has always considered the environment throughout our design and manufacturing process. We understand that as we continue to grow, so does our potential impact on our surroundings. As most of our raw materials are simple, we have great control over their sources, and are proud be able to offer **FSC®certified** upholstered products and use recycled metals in our table ranges. The addition of our North American manufacturing provision also helps to keep manufacturing miles to a minimum, as our market continues to grow in the USA. Finally, naughtone offers a 'bring back' programme, where the client is able to return the product to our factory, where we will be happy to breakdown and recycle the parts for you.

FSC® certified products available upon request

naughtone offers PEFC certified products

Where sustainable sources are quoted, and a chain of custody is required by a customer this must be indicated on the purchase order to naughtone. A chain of custody requested after an order has been placed or delivered may be difficult to recover. Figures stated in the Environmental product summary may vary based on model and options selected, we have based this document on a specific example when produced in the United Kingdom. Recycled content calculations are taken from supplier information and industry averages, material variables are likely to affect the figures which may result in higher or lower percentages. This document will be reviewed and updated periodically and is subject to change without notice.
