Senate House

Bristol

University

Bristol, UK

First opened in 1961 at the Heart of Bristol University's student life, Senate House has been newly refurbished to deliver a forward-thinking space to work relax and meet friends, setting a precedent of design for student wellbeing.

NaughtOne furniture is heavily featured in the 'new Loft Building' helping to address student needs with the Hatch Modular seating and Trace table, creating a comfortable collaborative space.

Meanwhile, the Ali, Riley and Polly Wood range are lightweight and robust, perfect for the eating areas located within this refurbishment.
