University of Northampton Engine Shed  
Case Study

# University of Northampton Engine Shed Northampton, UK

The Engine Shed of the University of Northampton is a vibrant and bright space, used by students to collaborate with teams, study independently and also take time to relax with friends.

Ralph & Smith have created a stunning work space using a variety of NaughtOne furniture.

The space includes Cloud low and high back sofas, Pinch stools which can be easily moved around to create ad-hoc spaces, Busby for private phone conversations, Always Lounge, Polly, Trace and Knot table.
